

Tri-Power Conference Expected

German Robots
Are Drawback to
Conference Being
Held in England

LONDON, Dec. 13.—(P)—The belief grew today that a meeting of President Roosevelt and Prime Minister Churchill—and possible Premier Marshal Stalin—was imminent.

A sharp decline in American-British relations—now possibly at their lowest ebb since the war began—was given as one argument against further delay.

Security would prevent any pin-pointing of dates and places for such a conference. The British press weeks ago launched a campaign to bring the Big Three together in Britain.

Foreign Secretary Anthony Eden expressed hope that since Churchill had been visiting others, "others will visit us soon."

A drawback to a conference in Britain, however, is the German V-weapons. Some diplomats doubt that those responsible for protecting the lives of President Roosevelt and Marshal Stalin would permit them to jeopardize their personal safety more than absolutely necessary.

Roosevelt Out of Clash

The London Daily Mail's New York columnist, Don Iddon, said today there was good reason why President Roosevelt kept well out of the clash on policy in Italy and Greece.

"Watch the news during the next few days for clues," Iddon suggested. "The president wasn't just idling and leaving it all to his new secretary of state, Edward Stettinius, when the danger signals flashed."

Problems facing the Big Three include:

1. Germany—Coordination of a policy for de-Nazifying Germany.
2. An attempt to settle the main issue of the Dumbarton Oaks conference—unanimity among the Big Three in case of aggression by any of the great powers themselves.
3. Parallel policy in the liberated countries.
4. Japan. The United States and Britain might seek to clarify Russia's position after the collapse of Germany.
5. Poland. Whether recognition should be given to the Lublin committee as the provisional government of Poland, or further steps taken to bring together the Lublin Poles and the exiled Polish government in London.

Too Busy to go Into Postmastership

WASHINGTON, Dec. 18.—(P)—Vice President-elect Truman has been too busy recently to be consulted further about the Galt, Mo., postmastership, aides said today.

The Missouri senator who becomes vice president next month recently blocked appointment of Mrs. Rachel McCracken, Republican, for the postmastership.

He declined comment on a petition by a group of Galt citizens asking him to withdraw his objections to her appointment, explaining he had not seen or heard of it. Aides explained they had not shown him the petition because "he has been very busy seeing a long line of people" but that it would be laid before him as soon as possible.

Four Die in Crash Of C-47 Plane

POPLAR BLUFF, Mo., Dec. 13.—(P)—An Army C-47 transport plane crashed in the hills of southern Bollinger county today and the highway patrol learned that four men died in the accident. Officers from the Malden army air base were sent to the scene to conduct an investigation but the names of the victims of the accident were not immediately available.

The C-47 transport plane which crashed in Bollinger county was not from the Sedalia Army Air Field, it was said at the Public Relations office at the SAAF this afternoon. The Public Relations officer stated the plane was probably on a routine training flight from the Malden AAB, another Troop Carrier Command training base.

Cabinet Member Dies

By the Associated Press
Minister Kamesaburo Yamashita, 76, president of the Yamashita steamship company and a member of Premier Gen. Kuniaki Koiso's 12-man cabinet advisory board, died today of pneumonia at his villa in Kanagawa Prefecture, Japanese Domei news agency said.

Sedalia M. D. Varies Duties

WITH THE XXIV ARMY CORPS ON LEYTE, Dec. 1.—(Delayed)—When he came into the Army, Capt. Charles G. Stauffer thought he would be giving up his practice as a baby specialist for a long time.

But since landing on Leyte with an amphibious tractor battalion he has had adequate opportunity to vary his regular duties such as tending wounded airmen whose

plane crashed near his aid station, with pediatrics.

Thousands of native Filipinos who are now under United States are flocking to Army medical treatment of their babies.

"Those poor native children have not had any medical care at all in over a year," said the captain who lives at 820 South Osage street, Sedalia, Mo. "My only disappointment is that so far I haven't been able to deliver any babies, but I guess before long I'll be able to do that too."

Captain Stauffer was at the battalion aid station one afternoon when an American bomber crashed not 100 yards offshore. Eight amphibious tractors sailed into the water simultaneously and the rescued airmen were at the aid station within five minutes.

"That's the quickest job I've ever seen," he said, "and it was lucky we were handy because several of the crew needed immediate medical attention."

Upwards of 100 B-29s Bomb the Jap Homeland

Heavy Explosions
And Large Fires
Were Reported

WASHINGTON, Dec. 13.—(P)—Heavy explosions and large fires were reported by B-29 fliers who raided Nagoya today.

Gen. H. H. Arnold, commanding general of the 20th Airforce, said preliminary reports from the strike on the industrial Japanese home island of Honshu revealed the bombing was accomplished successfully.

Airforce officials declined to say how many superfortresses took part in the raid, but it was indicated, on the basis of authorized statements, that upwards of 100 B-29s participated.

Crews reported flak was moderate and fighter opposition slight, Gen. Arnold said. He added that losses of the 21st bomber command, "if any will be determined and announced after final crew reports are carefully tabulated."

Admit Some Damage

Radio Tokyo said "about 80" superfortresses had struck the Japanese home island of Honshu and Shikoku and Japanese occupied Korea. "Some damage on the ground" was admitted.

Domei, Japanese agency, claimed that Japanese fighter planes intercepted the B-29s and that they were "believed to have caused heavy losses to the enemy."

Arnold said the raid was aimed at Nagoya, home of the Mitsubishi aircraft plant and one of Japan's four principal industrial manufacturing centers.

His announcement said simply that a "sizeable force" of 21st bomber command superfortresses participated.

Holding Man for Fayette Officer

DAVENPORT, Iowa, Dec. 13.—(P)—Police Chief Reed Phillips said yesterday he was holding a man identified as Samuel Ewing, 52, a Rock Island, Ill., arsenal worker, on a telephone request from the sheriff at Fayette, Mo., who told Phillips he had a warrant charging the man with murder.

Ewing was taken into custody by arsenal police and Davenport detectives while at work and signed a waiver of extradition, Phillips said. In Fayette Sheriff R. L. Farmer of Howard county asserted he had a warrant for the arrest of Ewing on a charge of murder in the death of Robert Tindell, Fayette Negro in August, 1926.

Retain Same Leaders

JEFFERSON CITY, Mo., Dec. 13.—(P)—The Republican majority in Missouri's 1945 house of representatives decided today to retain the same leaders who conducted the 1943 session, with Howard Elliott of St. Louis county as speaker, Murray Thompson of Webster county speaker pro tem, and Randall Kitt of Livingston county majority floor leader.

GIs in France 'Sympathize' With the Girls

LAWRENCE, Kas., Dec. 13.—(P)—Two packages of pipe tobacco and a letter from five GIs in France which said, "It's a shame that you must smoke corn cobs," have been received by Kansas university co-eds.

The letter, signed only by "Lucky, Joe, Eddie, Johnny and Leo," stated:

"Oh, you poor distressed girls, Gee, just think."

"It seems a shame that you must smoke corn cobs. If it will make you happy we will give up our smokes to keep you and your 4-Fs from being dejected."

"No cigarettes? We just can't sleep since we read your article," Miss Marie Miller, acting dean of women, said she thought the soldiers were misinformed.

"The humorous and greatly imaginative article concerning K. U. women smoking corn cobs pipes does not reflect the wartime spirit of university women. Actually they are doing many worthwhile things to aid in the war effort that are not given the wide publicity the corn cobs pipes got."

Jap Troops Drown By Thousands

Planes Account for
Five Transports,
Four Destroyers

GEN. MAC ARTHUR'S HEADQUARTERS, Philippines, Dec. 13.—(P)—More thousands of Japanese troops were drowned off western Leyte Monday and Tuesday in Philippines inland seas which have claimed far in excess of 30,000 Nipponese soldiers, spilled to their death from bomb-blasted reinforcement convoys.

The latest losses occurred as American planes, attacking for 36 hours, accounted for five transports and four destroyers of an 11-ship convoy despite the terrific

21ST BOMBER COMMAND, SAIPAN, Dec. 13.—(P)—Nagoya, one of Japan's most inflammable targets, was bombed at mid-afternoon today by a force of B-29s equaling or exceeding the largest group yet to hit Japan.

Upsetting enemy defenses, the superforts made a feint toward Tokyo and then cut northwest to Nagoya, withdrawing over Nagoya bay after making their bombing runs.

Where bombing runs on Tokyo were made with the wind at great speed over the target, today's superforts went into action in the face of a westerly wind, slowing their speed and probably increasing the accuracy of their bombing. The planes also flew 3,000 to 4,000 feet lower than they did in the Tokyo raids, flying under the cirrus cloud layer to avoid leaving vapor trails.

battle put up by covering Nipponese fighter aircraft. Night prowling patrol-torpedo boats blasted a sixth transport, leaving only a destroyer of the convoy to get away unscathed.

Gen. Douglas MacArthur, whose previous communicated accounts of the devastation wrought on eight other convoys estimated at least 30,000 enemy soldiers perished, said today concerning the ninth convoy:

"Enemy troop losses by drowning are believed to have been heavy."

The six transports and five destroyers were spotted Monday at dawn off northwest Leyte.

Daylight Raiding

During the day, army and marine planes, boring through swarms of Nipponese fighters over the convoy, sank three destroyers, a transport, 10,000 tons, a second of 5,000 tons and a third of 4,000 tons.

That night, two patrol-torpedo boats, commanded by Lt. John M. McIlfresh of Olean, N. Y., and Lt. Melvin W. Haines, of Evanston, Ill., sent down a 5,000 ton transport of the convoy at anchor at Palompon.

Palompon, connected by a poor, winding trail to the Ormoc corridor, is the supply port of last resort for the Japanese since the loss of Ormoc port, 16 miles to the southeast.

Tuesday at Palompon, Yank planes so severely blasted a fourth destroyer and two freighter transports that all probably sank.

The enemy airforce not only made a stiff fight over the convoy but also scored some damaging blows against an American supply convoy Sunday night as it was retiring from Ormoc after unloading.

"Fifty enemy planes were destroyed in combat with five additional probable," today's communiqué said.

"We lost eight fighters."

Industries to Underground Sites

LONDON, Dec. 13.—(P)—A Tokyo broadcast said today that vital war industries in the Japanese capital would be transferred to underground sites to escape bombardment by American superfortresses.

WITH THE 12TH AIR FORCE—For outstanding achievement in the China-Burma-India Theater of Operations the veteran Troop Carrier Group, to which Master Sergeant Roy K. Yowell, Sedalia, Mo., is assigned, has been cited by the 12th Air Force. M/Sgt. Yowell is now entitled to wear the Distinguished Unit Badge.

Last April his Troop Carrier Group, stationed in the Mediterranean Theater of Operations, was suddenly ordered to fly to the support of Allied Forces battling the Japanese in the Imphal Valley, India, and the Myitkyna area, Burma. Seven days later the big twin-engine C-47 transport planes of his Group were delivering the needed supplies where they would do the most good.

The unit continued to support the Allied armies for two and a half months, and played a tremendous part in driving the Japanese from Northern Burma and the Imphal Valley. The Group affectionately called "Cerny's Circus," after its Commanding Officer, Colonel John Cerny of Harrison, Idaho, is now back in the Mediterranean Theater, starting its 27th month overseas.

Carried Men and Supplies

During the 75 day emergency the Troop Carrier Group delivered troops, tons of food, equipment, medical supplies, arms, ammunition and mules, in addition to

Yanks Fought Hand to Hand, House to House to Take Ormoc

(This delayed dispatch by Associated Press War Correspondent Al Dopking is the first eyewitness account of the capture of Ormoc, strategic Japanese reinforcement port. He is the only correspondent on Western Leyte.)

By Al Dopking
ORMOC, Leyte, Dec. 12.—(Delayed)—(P)—Smoldering ruins of Ormoc lie behind the hard-fighting 77th U. S. Infantry Division tonight as it fans out northward and eastward of this key port town on Leyte's west coast.

Elements of tall, Texas born Maj. Gen. A. D. Bruce's Statue of Liberty Division fought throughout yesterday—sometimes hand to hand and from house to house—to take it.

The attack began at 9:30 a. m. with an earth-shaking artillery, mortar and rocket barrage. Two gunboats shuttle back and forth offshore spraying the town with a cascade of hot lead. Two large fires were burning as infantrymen entered Ormoc's outskirts.

Standing on a stretch of high ground where he could see Ormoc, Bruce personally directed the attack of his division, composed mostly of men from New York state.

Already Had Tough Fight
These veterans of the battle of Guam already had had a tough fight the day before when they smashed Japanese defenses at Camp Downes, old Filipino army camp just south of Ormoc.

But they pressed their attack on Ormoc so furiously that Capt. Lowell Capout of Bensenville, Ill., reported he saw one which the Nipponese had deserted so hurriedly

Germans Told it is Better to be Prisoner Than to Die Uselessly

LONDON, Dec. 13.—(P)—United States army today broadcast instructions to German troops on how to go about surrendering to Allied forces.

Pointing out that 700,000 German soldiers, including 39 generals, have surrendered to the Allies since the landings in Normandy June 6, the broadcast said all prisoners of war were under full protection of the Geneva convention, would receive good treatment and the same food as the Allies.

"It is better to be a prisoner of war than to die uselessly and senselessly," the Germans were told.

New Paper is 'Tomorrow'

PARIS, Dec. 13.—(P)—The army newspaper Stars and Stripes has started a weekly four-page supplement entitled "Tomorrow" and devoted to post-war topics.

The first issue, appearing yesterday, led off with an article on post-war civil aviation and the section featured departments on radio, housing, farming, education and an article on women war workers at home.

A full page was devoted to letters from soldiers. One suggested an outright \$10,000 discharge bonus for each soldier to solve all education and employment problems. Another expressed the view that a guarantee of "your old job back" smothered initiative and declared that any one who could not find himself a job was not worth worrying about.

No action on the requests has yet been announced by Donnelly or Donnell, who are cooperating in preparation of the budget to be recommended to the legislature in January.

Use Calcium Chloride On Street Crossings

Pedestrians and shoppers in the downtown area probably notice the City street department hasn't been using cinders this winter on the street crossings, but is cleaning them as fast as possible with Calcium chloride.

It keeps the snow from freezing and it can be shoveled quickly without using a pick to break the ice. It is cleaner and shoppers do not carry into the stores and their homes dirt formerly created by spreading cinders.

This is the first winter the department has used this method and it is finding it most satisfactory, as well as a time saver.

This gigantic task was accomplished against traffic odds. The planes of the organization, devoid of protective armor and defensive weapons of any kind, flew daily missions over enemy territory while constantly being subjected to attacks by Jap fighters. Eleven of the Group's aircraft were lost to enemy action.

4 P. M. Friday Arrival Time For Old Santa

Santa Claus, who is going to visit Sedalia Friday afternoon, is coming in a modern vehicle, it is believed, although something may change his mind and he may come by sleigh. According to his present plan, knowing there is an army post nearby, he is coming in an army jeep.

Jeep or sleigh, he is coming, and will drive up in front of the court house at 4 o'clock where he wants the children of Sedalia to be on hand.

He will have a small gift for each child.

Donnelly and Donnell Meet

JEFFERSON CITY, Dec. 13.—(P)—Gov. Forrest C. Donnell and Governor-elect Phil M. Donnelly today conferred with state social security officials about their request for a record appropriation of \$92,399,352 for the next two years.

Yesterday they met with representatives of the University of Missouri and of state hospitals, which also have asked large increases in appropriations.

With total money requests from state departments \$43,000,000 over and above anticipated 1945-46 revenue, sharp cutting must be done on departmental spending plans or else new money must be raised by additional taxes.

No action on the requests has yet been announced by Donnelly or Donnell, who are cooperating in preparation of the budget to be recommended to the legislature in January.

Montgomery Ward In Detroit Picketed

DETROIT, Dec. 13.—(P)—Two CIO members of the regional war labor board taken up places in a picket line at one of the four Montgomery Ward stores in the Detroit area where a four-day strike threatened today to lead to sympathy walkouts at the company's outlets throughout the nation.

The threat loomed from an announcement by Samuel Wolchok, president of the United Retail Wholesale and Department store employees of America (CIO), of an emergency meeting of the Montgomery Ward organizing committee in Washington at 10 a. m. (EWT) tomorrow.

Muddy Riflemen Advance More Than Mile in Three Hours, Enter Rollesbroich

PARIS, Dec. 13.—(P)—American First army troops cleared the Germans from five miles of the west bank of the Roer river today. In a new drive southwest of besieged Duren they advanced up to two miles and captured three villages.

The U. S. Seventh army was slowed by blown bridges, boggy roads and difficult terrain, but the troops advanced to within three miles of the Palatinate and seven of the French fortress gateway town of Wissembourg.

Opposite Seltz, 15 miles southwest of Karlsruhe, the Germans blew up a Rhine railroad bridge to Restatt and exploded two others across the wide and deep Seltz-back river near the border.

The Third army had slow and painful progress in its Siegfried line wedges in the Saarland at Dillingen and Saarlautern.

On Toward Bonn

The new First army drive was south of the gory Hurtgen forest and appeared aimed toward the Rhine city of Bonn, 15 miles upriver from Cologne. A new German Fifth Panzer army was disclosed to be arrayed against the First, and the enemy also brought out strange silver globes as a new sky weapon.

In less than three hours, Lt. Gen. Courtney H. Hodges' muddy riflemen had advanced more than a mile and entered the village of Rollesbroich, 13 miles southwest of Duren and 35 west of Bonn.

The advance was between the Hurtgen and Monshau forests and was four and a half miles east of Rotgen, first German town conquered by American armies. A little farther north, other units of the First army, now opposed by the new German Fifth Panzer army, were within 28 miles of Bonn (pop. 101,000). Bonn lies 15 miles southeast of Cologne.

The First army was drawn up to the swift and high Roer on both sides of Duren. In the center of the western front, the U. S. 7th

army trained its artillery on large sections of the German defenses inside the Bavarian Palatinate while the Third army fought slowly deeper into the Siegfried line inside the industrial Saarland.

Pitted New Tanks

It may now be disclosed that the Germans have pitted their new Fifth Panzer (tank) army against the U. S. First army on the Cologne plain. The commander is Gen. Hasso Eckardt von Manteuffel, 47, veteran of the siege of Bizerte in North Africa. His army includes armored units, regular infantry and Volksgrenadier troops.

The last infested cellars west of the Roer were being cleared by the U. S. First army. A few Germans during the night filtered back into Derichweiler, Gey and Mariaweller, virtually suburbs of Duren, and these were being blasted from the cold mud, one by one.

The Germans used a strange new aerial device, silvery balls floating in the air. Their purpose was not immediately clear.

Swift advances by the U. S. Seventh army in the Karlsruhe corner brought the German frontier within sight at many points and placed great sections of the Siegfried line works within short artillery range. Vanguard units within 15 miles of Karlsruhe.

Six miles inside the industrial Saarland, the U. S. Third army shouldered its way through another 700 yards of Fraulautern, winning half that satellite town a mile north of Saarlautern. Repeated counterattacks were broken three miles north at Dillingen and additional Nazi pillboxes were captured.

The threat loomed from an announcement by Samuel Wolchok, president of the United Retail Wholesale and Department store employees of America (CIO), of an emergency meeting of the Montgomery Ward organizing committee in Washington at 10 a. m. (EWT) tomorrow.

Sgt. Clayton Writes On His Observations At Islands

"Even the little tykes run around singing 'Shoo Shoo Baby' and 'God Bless America,'" writes Sgt. Joe Clayton, of the Army Air Forces, in describing his first observations after landing in an area in the Philippines late last month.

"The scene is pretty barren, due to shelling, but we're on real earth instead of sand and coral, and there are civilized people here," continued Sgt. Clayton, son of Mr. and Mrs. N. O. Clayton, 906 South Massachusetts avenue, and a former member of the Democrat-Capital news staff.

In reference to the Filipino children he commented that they went to churches and schools before the war and say the Japs burned their books.

"They're eager to begin school again, and some of them put me to shame with their knowledge of history and such. The people live in badly mauled houses and exist mostly on rice, but have managed to keep themselves and their meagre wardrobes very clean. The women are grateful for thread and cloth to make clothes with. And some girls have produced some print dresses that are really sharp.

"Since we haven't had a chance to go to a large town yet, we're only acquainted with the country folk. The upper classes are said to be strictly 'hep' on everything."

Relief On Laundry

After doing laundry G. I. style at bases in New Guinea and in the Netherlands East Indies, Sgt. Clayton, who is in a bombardment group, happily pointed out that in his Philippine location "all the women want to do our laundry, which certainly is a relief."

There are many "kids" he continues, "and when word gets around that there's some candy at our tent, the 'joint' suddenly becomes a kindergarten. All of them speak some degree of English."

"In this small village in which we are situated I ran across a big crowd in the middle of the road yesterday afternoon, and it turned out to be the regular Sunday cockfight. There were several of them and the money was being passed around like it is in Sydney at the Saturday races. (Clayton was in Australia earlier in the fall on furlough). It was rather interesting, and when one Filipino asked me if we had cock-fights in the States and I shook my head he looked as if he thought the war had hit our country pretty bad."

Notice giving permission for revealing his new location in general also permitted his saying that "we came by LST" (landing ship tank), Sgt. Clayton mentioned in his letter written November 27. He has been serving as gunner and radio operator on B-24 (Liberator) bombers, and has been in the Southwest Pacific theatre of war for nearly a year.

Hoist Ceiling On Heavier Hogs

WASHINGTON, Dec. 13.—(AP)—OPA Tuesday announced an increase of 75 cents a hundred-weight in the ceiling price on barrow and gilt hogs weighing more than 270 pounds.

Effective tomorrow, the new price will be \$14.75 a hundred for these heavier types. The change will not apply to sows, stags and boars, which will continue to have a ceiling of \$14.

All hogs weighing less than 270 pounds already have a maximum price of \$14.75.

Extension of the higher ceiling to heavier gilts and barrows was recommended by the war food administration and approved by stabilization director Fred M. Vinson.

Explaining the adjustment, OPA said that harvesting of a record crop of corn this year and a "satisfactory improvement" in the supply of other types of feed prompted the change.

Squaw Corn

4 slices of bacon cut in 1-inch pieces

3 tablespoons chopped onion

2 cups diced cooked potatoes

4 tablespoons chopped pimento or green pepper

3/4 teaspoon salt

Dash pepper

1 tall can corn

1/2 cup DARICRAFT

1/2 cup water

Fry the bacon until crisp, add onion, potatoes, seasonings and corn. Mix well and stir in DARICRAFT and water. Simmer 10 minutes.

You can use the balance of the DARICRAFT in the can for coffee, or diluted for the children to drink. DARICRAFT is that new Evaporated Milk we are all using, you know. It's really different. If you haven't tried it—well, you just aren't "in the swing" in cooking circles. Whips marvelously, you know. You can get it at any grocers now.

Japs Rush To Boat To Surrender

WITH THE U. S. 41st INFANTRY DIVISION, Southwest Pacific—(Delayed)—(P)—When you go fishing in the Southwest Pacific these days you may catch most anything—including Japanese soldiers.

An American "J" boat crew, out to contact a patrol, decided to fish a bit in a small bay while awaiting their buddies ashore.

The fish were biting fine but the party was broken up when a crewman noticed someone waving from the beach with a piece of white cloth. The glasses showed he was a Japanese soldier—one of many stragglers marooned on the island.

Before the day was over the "J" boat was almost shipping water. It had aboard 29 Japanese fighting men who braved the surf and swam out to the little ship to surrender. One was an infantry officer. They said they had had enough of the jungles, enough of constant pursuit by Yank patrols, and were hungry.

Parole To Mrs. Aitkens In Child Slaying Case

PLATTSBURG, Mo., Dec. 13.—Mrs. Ida Aitkens, 36, was free on parole Tuesday after twice being sentenced on the charge of killing her 14-month-old niece, Bertha Lorene Aitken, here on September 1, 1940.

She was paroled by the circuit court at Lexington, Mo., last Saturday after a long court fight marked by two Missouri supreme court jury reversals. Phil Cook, prosecuting attorney for Lafayette county, said Mrs. Aitkens entered a plea of guilty to a manslaughter charge after a third trial had been ordered. She was subsequently sentenced to ten years in the penitentiary by the court at Lexington.

OFFERS FOR SALE
Pettis County, Missouri
1,433 acres near Hughesville and Sedalia, made up of four tracts ranging in size from 218 to 510 acres. Three of the tracts are improved and the fourth only partially improved. This is good farmland located on all weather roads and in a desirable farming community.
Bates County, Missouri
10,107 acres of farm lands lying in 63 tracts ranging in size from 80 to 400 acres. Twenty-nine of the tracts are improved; seventeen are partially improved; and twenty-seven tracts are unimproved. This land is part of the Scully estate originally composed of 42,000 acres.
These lands lie approximately sixty-five miles south of Kansas City, Missouri, east and west of U. S. Highway No. 71. Practically all of the land is on or near all weather roads. School busses to accredited high schools serve all of the farms.
Dairying and general farming are major enterprises. The soil is of a type that responds well to good management and is especially well adapted to the production of small grain, hay, and pasture crops. 1,520 acres of the unimproved land is virgin pasture land.
Sealed bids on approved forms will be received by the Regional Business Manager, Farm Security Administration, 342 Massachusetts Avenue, Indianapolis 7, Indiana, until 2 p. m., CWT, January 4, 1945, and then opened.

From Air and Service to the Ground Forces

As Picture Changes Troops Are Placed Where Most Needed

By Elton C. Fay
WASHINGTON, Dec. 13.—(P)—Lt. Gen. Ben Lear said today a radical change in the mission of the army ground forces is resulting in their getting 65,000 individual soldiers from air and service forces.
And still more may be shifted. Moreover, as part of this progressive changeover, units are being taken from no longer necessary assignments and given new fighting duties in the ground forces, the forces' commander said.
The general presented this information in an interview to show the steady but tremendous change in the route of the ground forces—the men who fight with rifle, artillery and tank—since the United States moved from the defensive to the offensive.
"Forty thousand men from surpluses of the army air forces and 25,000 men from the surpluses of the army service forces have already been or are in the process of being transferred as individuals to the army ground forces, just as an indication of the ground forces forces changed mission," he said.

Needed In Ground Forces
"This is not a sudden manpower shift to balance the scales, by any means. It can be taken instead, as an index that under the changed mission of the ground forces, the usefulness of these soldiers had ceased in their previous services and now exists to a greater degree in the ground forces."
"It is estimated that as the need and unavoidable casualties increase as a result of increasing ground force action, an additional number of men may be shifted from the surpluses of the air forces to the ground forces as time goes on."

The changing picture of the war has terminated the usefulness of some units and they therefore have been reconstituted for new missions, he said. Lear explained it this way:

"There have been considerable conversion and redesignation—again, not as an emergency measure, but to conform to the changed mission. For instance, almost 100 coast artillery battalions have either been directly converted into field artillery battalions or their personnel used to fill up existing field artillery battalions."

Changing Doctrines
"Ascendancy over the German and Japanese air forces has lessened the need for antiaircraft units as such. Some have been inactivated and converted and some reemployed in their secondary role as field artillery or tank destroyer units."
"Almost an even dozen tank destroyer battalions, per se, because of developing and changing armor and anti-armor doctrines, have been converted to armored, field

artillery and mortar battalions."
"No intelligent person ever attempts to say that the navy does more than the air force or the air force does more than the ground forces," Lear says. "The action of all three is an integrated and coordinated whole while one joint mission—total defeat of the enemy."
"But it is a military fact that the final action of all wars is infantry action—that is, ground force action—and that until that action has been prosecuted to its fullest, until our ground forces actually occupy the enemy's ultimate terrain, the decision is never final."

Personals

First Class Petty Officer and Mrs. Wayne McAfee and little son, Bobby Joe, stopped in Sedalia for a visit with Mrs. McAfee's parents, Mr. and Mrs. L. O. Continuance Is Denied

LOS ANGELES, Dec. 13.—(P)—Charlie Chaplin's lawyers failed today to get a two months' continuance in Joan Berry's suit to establish him as the father of her 14-month-old daughter, Carol Ann, after submitting an affidavit contending Miss Berry had been intimate with another man.

Carol Ann

Charles E. Millikan, one of the screen comic's attorneys, told Judge Ruben Schmidt he had subpoenaed Hans Reusch, a writer, whom he termed "a vital and important witness." He asked for the continuance on the ground Reusch, in New York, had refused to come here to testify.

The court denied the motion for continuance. Miss Berry's paternity suits has not been assigned a court, however. It was to proceed in some superior court later today.

BPWC Party at Rural Home

The Business and Professional Women's club will have a Christmas party Thursday night at 8:00 o'clock at "Elyda," the country home of Mrs. J. H. Frederich.

Instead of the regular gift exchange members will bring white gifts of food for the Melita Day Nursery to place under the large Christmas tree.
Hostesses for the evening will be Mrs. Elza Berry, Mrs. A. L. Bohling, Miss Thelma Brunkhorst, Dr. Ermine Fischer, Mrs. Regina Franken, Mrs. R. J. Hausman, Mrs. Eugene Herrick, Mrs. Frances Jenkins, Mrs. L. P. McClure, Miss Ruth McCune, Mrs. W. J. Menefee, Miss Marguerite O'Connell, Mrs. Udrill Renshaw, Miss Mary Shanks and Miss Juanita Young.

Mrs. A. B. Hall III
The condition of Mrs. A. B. Hall, 1910 South Quincy avenue, who suffered a light stroke Saturday afternoon, remains about the same.
Resigned as President of Freedom House
NEW YORK, Dec. 13.—(P)—Dorothy Thompson has resigned as president of Freedom House, Geo. Field, executive secretary of the organization which is devoted to world freedom, said today.

Poor Digestion? Headachy? Sour or Upset? Tired-Listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.
Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable. Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.
Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills are directed after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

Never met a warmer welcome anywhere!
★ "Well now, young fellow... that's right nice of you. 'Course, old Santa Claus always expects a warm welcome wherever the pup is furnace man."
Santa knows that homes enjoying the comforts and conveniences of automatic gas heating were not so equipped merely to please guests.
To the contrary, he knows several good reasons why every member of the family has a warm spot in his heart for the faithful gas heating unit.
Dad registers satisfaction as he surveys the heating bills, glau that all the advantages of automatic gas heating are his for so little cost. Mother is grateful for release from the constant coaxing and attention the old furnace demanded, looks with pride on her floors, her furniture and draperies no longer smudged by soot and dirt from mussy fuels. And the youngsters? They are happy as larks in the grand playroom (Dad still insists it's his "rumpus room") that the space-saving gas equipment made possible.
If yours is one of the families not now enjoying automatic gas heating, no doubt you will want it as soon as it again becomes available. Our organization is at your service to see that you get the best in equipment which will give complete freedom from heating worries... and at a price which any homeowner can take with a smile.

an amazing way to
New STRENGTH..
better **LOOKS!**

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

Getting value out of the food you eat is your No. 1 health problem whether you eat 500 or 2,000 pounds yearly.

To do this, scientists say, you must have an adequate supply of natural stomach digestive juices and rich, red blood must be present.

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red blood strength.

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. Undigested food sours, causes gas, bloating, fails to supply the necessary body energy, tissue repair, often resulting in nervousness and loss of energy.

So with ample stomach digestive juices, PLUS RICH, RED-BLOOD you should enjoy that sense of well-being which denotes physical fitness... mental alertness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need as it is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

These two important results enable you to enjoy the food you do eat... to make use of it as Nature intended. Thus you may get new vitality... pep... become animated... more attractive!

Build Sturdy Health and Help America Win

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 oz. sizes. S.S.S. Co.

For Extension Of Draft Edict

Proposal Order Broadened To Cover Men Up To 45

WASHINGTON, Dec. 13.—(AP)—A broad extension of the draft edict, including the application of community pressure upon 4-F's, was advocated Tuesday by a high ranking selective service official.

Col. Francis Keesling, selective service legislative officer, told the Senate war investigating committee's manpower inquiry he favored:

1. Broadening the prohibition against men 18 to 37 quitting war plants without draft board approval to cover men 38 to 45.
2. The authorization of pressures "upon certain of the 4-F's if necessary, to engage in war work."

Praising War Mobilizer James F. Byrnes for what he called the latter's "courageous" action in utilizing the selective service organization to reduce turnover by requiring consent for leaving jobs, Keesling testified to belief it did not go far enough.

He said that the whole program, which he felt would provide the 300,000 men now needed to fill manpower shortages, could be accomplished with "very simple additional legislation."

The selective service already has put into operation Byrnes' order requiring men 18 to 37 deferred for occupational reasons to get draft board permission before leaving their jobs or face induction into the armed forces.

If war needs and selective service records show vacancies can be filled in that way, he said "the local boards can activate community pressure and proper educational publicity," and couple their appeals with a request from selective service for men to engage in work "within a certain period of time in any of the plants listed as having shortages."

Bill Doyle Is Ousted At Caucus Held

By TOM REEDY

WASHINGTON, Dec. 13.—(AP)—The State Department on parade drew a capacity house before the Senate Foreign Relations committee Tuesday as Bill Doyle got thrown out on his ear again.

Bill does it all the time but he doesn't usually have such select company.

He always is applauding when he is supposed to keep quiet and the gendarmes take over.

Bill was part of the big crowd on hand to hear Secretary of State Stettinius and his new staff testify about their qualifications to hold their jobs.

It was the best attendance the staid old senate caucus room could boast since the day the midjet was placed on J. P. Morgan's astonished knee.

The crowd arrived early, stood in a queue for an hour to get in. The cops finally had to take over and start inquiring why you wanted in.

Mr. Bill Doyle of Washington, D. C., dressed nattily as usual, got his place early standing right behind Senator Hiram Johnson. He just likes to go to senate committee hearings.

He was good a long time. Chairman Connally (D-Tex.) had to remonstrate only in a general way with the crowd about showing any favoritism.

Bill stood it through Stettinius and Brig. Gen. Julius Holmes who boarded a plane for Europe right after he finished. Something about Joseph Clark Grew, the newly appointed undersecretary, rang the bell. As he completed his statement, Bill rocked the place with applause.

"There's Bill again," chuckled Senator Clark (D-Mo.) "He does it all the time."

The police invited him to leave at this point using one of their special arm grabbing inducements.

Wheat Ceiling Up Four Cents

WASHINGTON, Dec. 13.—(AP)—An increase of four cents a bushel in the ceiling price of wheat was announced Tuesday night by the Office of Price Administration. It is effective tomorrow.

The increase, the agency said, is necessary to fulfill the requirements of the stabilization extension act of 1944.

The prices established by this amendment are calculated to reflect parity to producers.

The increase affects all levels of distribution.

The price of bread, however, is not affected by the action, OPA said.

Flour ceilings remain unchanged and no change will be necessary because of a flour production subsidy payment of 19 cents a bushel. This payment will remain unchanged until Dec. 31, and a new rate for January, based on wheat prices under the new ceilings, will be announced later this month.

COMMUNITY NEWS from—

Houstonia

Mrs. Bennie Martin
Mrs. Paul Whitehead has received word from her husband that he has arrived safely overseas. Mrs. Whitehead and little son are spending the winter with her husband's parents, Mr. and Mrs. C. C. Whitehead in Houstonia.

The Fellowship supper was held at the Methodist church Tuesday evening of last week. The pastor, Dr. Dautin, of Marshall, gave an interesting talk.

On Sunday, November 26, Dr. Carl Dautin and Mrs. Dautin and Mrs. Zimmerman of Marshall were entertained in the home of Mrs. Dautin.

Mrs. Harmon Tate of Santa Ana, Calif., was a guest over Thanksgiving of Mr. and Mrs. Oliver Bales.

Mrs. Birda Zans of Kansas City and Mrs. Mason of Excelsior, brought Mrs. Zans' sister, Mrs. Emma Vanatta to her home here Saturday evening. Mrs. Vanatta had spent a few weeks in Kansas City as a guest of her sister and family. Mrs. Zans and Miss Mason spent Saturday night in the Vanatta home returning to their home Sunday morning.

Mr. and Mrs. Lawrence Sibert of Sedalia, Mr. and Mrs. Nathan Harris were Sunday dinner guests in the home of Mr. and Mrs. G. H. Tevebaugh and daughter, Miss Mary Elizabeth Tevebaugh.

Herbert Kreisel and daughter, Edna, visited relatives over the week-end in Lincoln, Mo.

Mr. and Mrs. Paul T. Killian had as their week-end guests, Mr. and Mrs. John Killian of Sedalia, who were recently married.

Mr. and Mrs. L. G. Cooper and family of Higginsville, were Thanksgiving guests in the home of Mr. and Mrs. Louis Karriek and Mrs. Percy Karriek.

Mr. and Mrs. Buck Bratton and two little daughters of Kansas City have moved into the Harry Charles property recently vacated by Bill Bales and family. Mr. Bratton is a mechanic at the DeLapp garage. Mrs. Bratton is a daughter of Mr. and Mrs. Winters, operators of the Central telephone office here.

Miss Hazel Deane Wicker, a student at Missouri Valley college, Marshall, and a friend spent the Thanksgiving holidays with Miss Wicker's parents, Mr. and Mrs. C. F. Wicker and her brother, Charles.

The November meeting of the Houstonia Women's Federated club was held in the Tevebaugh home. Miss Enid Johnson of LaMonte, a returned missionary from China, was the guest speaker. A report was given by the group that attended the convention in Fayette, Mo. A sextette composed of Mrs. Russell Wicker, Mrs. Claude Nutt, Mrs. James A. Staples, Mrs. Amos Rhinehart, Mrs. M. W. Benning and Miss Tevebaugh sang several numbers. They were accompanied by Mrs. Wallace Smiley and Mrs. Raymond Wicker. Mrs. Ramon Wicker played a violin solo. During the business session a motion was made and carried that the club send money to the Hope chest. Miss Mary Elizabeth Tevebaugh was hostess, assisted by her mother, Mrs. G. H. Tevebaugh. Refreshments were served.

Tuesday afternoon, November 28, Mrs. Claude Nutt entertained two tables of bridge guests who were Mrs. Ocie Smith, Mrs. Nathan Harris, Mrs. L. P. Wellborn,

YOU GOTTA THINK QUICK

By Stanley Paley

Copyright, 1944,
NEA Service, Inc.

THE moment I came in Mickey put her arms around me and held me tight as if she was never going to let go. I closed my eyes and rubbed my cheek against hers. For a while we didn't say anything, and then she broke the silence.

"Something really bad happened, didn't it?"

"Yes."

"You don't have to tell me about it right away unless you want to."

"It's okay, Mickey, I'll soon be myself."

"Had anything to eat?"

"No."

"Shall I get you something?"

"No, thanks."

We went into the living room and suddenly it started spinning around me. She steadied me and led me to the sofa.

"You must have something, Leo. A sandwich? Coffee?"

"I couldn't."

All I wanted was for her to continue holding me. Some deep instinct must have told her that. She made me lie down and then took me in her arms as if I were a child. Soon the spinning began to subside but I was still trembling. She gently stroked my head.

"My Leo..."

There was such tenderness in her voice that it almost hurt. I didn't want her to see my face right then, so I turned to bury it against her breast. Here was warmth and protection, and after a while a sort of peace came over me.

LATER I told her what had happened. I tried to play it down, but all the same it gave her a terrific jolt. Not only was she concerned on my account but she was also afraid for Don.

"He's getting entirely out of

hand. We quarrel all the time and he's even talking about moving away from here." She shook her head unhappily.

That was a complication I'd almost forgotten. God, what a mess!

"Look, Mickey," I said, "the trouble with him is that he doesn't yet realize what kind of a man Boggio is."

For several minutes we both sat there in gloomy silence, and then Mickey spoke.

"I've been wondering about something, Leo. What you wanted to do was back out, run away."

"Yes."

"It didn't work. You're so deeply entangled that Boggio won't let you go."

"Right."

"He's ruthless. Tonight he's proved he won't stop at anything."

I looked at her.

"What are you driving at?"

"Just this: Has it occurred to you that in all these years there's one thing you never tried?"

"And what is it?"

"Fighting back."

You could have knocked me down with a feather. Leo Kabateck, the legal genius, the brain trust, had been beating his brains out and had overlooked the most obvious move of all.

I JUMPED to my feet. "You're right, Mickey! If there's anyone who knows Boggio it's me. At this very minute he must be gloating over his triumph. Fine! Let him think that everything's under control again. He'll become confident. Overconfident! Then I'll step in and start feeding him the rope with which to hang himself."

Her face fell. "That's not quite what I meant, Leo. Can't you bring everything out in the open right now? Surely you can get all the evidence you need?"

"I can't, darling. Not right away. To start with, most of my work consisted in covering up tracks

in Independence, spent a few days here with his parents.

Amos Liet has gone to the Veterans hospital, in Kansas, for treatment.

Mrs. Eaken Hurt, of near DeSoto, Kas., formerly of Pettis county, spent the past week with friends.

Shelton Rissler, who enlisted in the navy, is now stationed in Memphis, Tenn.

John Graves, of Bellesville, Kas., visited his mother, Mrs. Mary Graves and his sister, Mrs. Roy Freund and Mr. Freund.

Mrs. Raymond Wicker recently entertained guests at bridge in honor of her house guest, Mrs. Betty Cropper, of California. Those attending were: Mrs. Oscar Rothrock, Mrs. Judge Higgins, Mrs. Alvin Renken, Miss Mary Elizabeth Tevebaugh. Awards went to Mrs. Higgins and Miss Wicker. The hostess served refreshments at the close of the game.

Roy E. Scott, 21, son of Mr. and Mrs. Arthur Scott, of Higginsville, formerly of Houstonia, was killed in action in Holland, October 15, according to word received by his parents.

Mrs. Ernest Smith recently spent two days with her daughter,

for him. The way the outfit's organized, with strawmen and stooges, it's hard to pin anything on Boggio personally. Furthermore, with all the graft that he's been handing out, with all the big shots he's bought, it's possible he might not be convicted under the present set-up. You can see the spot I'd be in if I were to denounce him and he got away with it."

"I see."

"And then there's something else..." I hesitated.

"Yes?"

"Let's suppose that some time in the future I'm in a position to turn Boggio in. That means I'll be turning myself in, too. After all, I knew what was going on while I worked for him."

She didn't answer. After a moment I continued.

"You understand, Mickey? Even if I turned state's evidence it's possible that they might convict me later."

Still no answer.

"Well, Mickey?"

She'd been concentrating on the carpet. When she finally spoke her voice was very low.

"That's something I've often thought about, Leo. And maybe—it would be for the best."

Noticing the expression on my face, she quickly continued. "Don't you see, Leo? You want to start out with a clean slate. Let the future be built on a decent, honest basis. Not on lies. Not on the remembrance of a past that has debts left unpaid. You have a big debt to pay. I think you should do it."

She'd put into words a vague, unformulated desire that I'd never had the courage to consider by myself. Somehow it seemed so easy now.

"And what would you do, Mickey?"

"I'd stand by you, Leo. And whatever sentence they imposed, I'd wait for you."

I took her in my arms and kissed her. It was our first kiss, and all the kisses of the past became meaningless.

Maybe it was then that the last, the final Leo Kabateck came into being.

Judge Henry Lamm and John Montgomery, Jr., returned last evening from the state capital, where they called upon Judge J. B. Gantt and used all of their eloquence in an endeavor to have him reconsider his announced intention of resigning from the supreme bench to practice law in St. Louis as the partner of Judge Henry W. Bond. Judge Gantt had not fully made up his mind in the premises, but after an hour's talk with the Sedalians he decided to decline the St. Louis proposition and remain on the supreme bench.

Today's St. Louis Republic contains a good picture of S. E. Spencer of this city, who sold \$140,602 worth of shoes for the Hamilton-Brown Shoe Co., of St. Louis, the

Grandma Switches Millions of Mothers To Her Mutton Suet Idea For Chest Colds

Newer Relief For Children's Colds, Bronchial Irritation and Chest Muscle Tightness Being Hailed Everywhere.

Pioneer grandma liked to "rub" her children's colds with a "home rub" containing mutton suet. Such a rub was her "old reliable" for relieving chest muscle tightness, soothing bronchial irritation, loosening phlegm, checking coughing, easing sting of chapped lips and nostrils. Today science has modernized this principle with Penetro, the

same old fashioned mutton suet, plus 5 active ingredients—so now Grandma's old idea is switching millions to this newer relief.

Your children will like Penetro the first time they feel it spread smoothly on chest, throat, back—its mutton suet makes it melt instantly, vanish quickly. It gets to work 3 ways at once to make your youngsters more comfortable—(1) Penetro relieves colds' pain as its

mutton suet helps carry medication to nerve ends in the skin. (2) Relieves muscular tightness and congestion through counter-irritation (increased blood flow). (3) Loosens phlegm, eases coughing through pleasant inhalation of instantly released vapors.

Your child will feel relief so quickly—as painful misery eases, as coughing is lessened, phlegm loosened, chest rawness soothed. Naturally he'll rest more comfortably and give nature a chance to restore vitality to his little body.

That's why so many mothers are thanking Grandma for her idea—praising science for perfecting it—are going to druggists everywhere to buy Penetro. Relieve your chest cold miseries as millions are doing—today get your jar of white, easy-to-use, economical Penetro.

Wilson Hout, of Warrensburg, who was coming to Sedalia slipped off highway No. 50 one mile west of Dresden and overturned. A report of the accident here did not indicate anyone was injured.

Long Sweetening Saves Sugar Stamps

I thought Bob Newcomb was plumb crazy, the way he laughed at sugar rationing. But he explained he was on his way to the store to pick up a bucket of sorghum molasses instead.

Seems like his wife found one of those old "Clarion" cookbooks with all the old-fashioned recipes for the good things our grandmothers used to make.

Bob says he's been telling her all these years that Bert Childers makes the best sorghum in this part of Missouri but it took a war to make her try it.

From where I sit, this war's proved a lot of things, including our need for cooperation and for tolerance of the other fellow.

You find that tolerance where a few good friends gather of an evening with a cool glass of beer to settle the affairs of the world. It's mighty helpful.

Have a "Coke" = Merry Christmas

...adding refreshment to holiday cheer

The spirit of good will rules the Christmas season. It's a time to get together with friends and family... a time when all we mean by home in its graciousness and friendliness is at its peak. In such an atmosphere Coca-Cola belongs, ice-cold and sparkling with life. There's a whole story of hospitality in the three words Have a "Coke",—three words that express a friendly spirit the whole year 'round. Yes, Coca-Cola and the pause that refreshes are everyday symbols of a way of living that takes friendliness for granted.

Get Coffee that's
5 Ways Better
...IT'S FLAVOR-SAVER ROASTED!

1. YES! ROASTED TO PERFECTION
To get the full, rich flavor of coffee—it must be properly roasted to develop all the flavorful goodness of the beans. Because roasting is such an exacting art... every pound of A&P Coffee is roasted the Flavor-Saver way. This exclusive process brings each roast to precise flavor-peak—presto!—off goes the heat—out rush the beans, literally, bursting with rich, mellow flavor.

2. PICK OF PLANTATIONS
Superb quality is what A&P buyers select at South American plantations—and that's your assurance of satisfaction in every pound of A&P Coffee.

3. SOLD... REALLY FRESH
No gambling with "lost" flavor when you buy A&P Coffee! Every pound is sold in the roaster-fresh bean—crum-packed with flavor.

4. IT'S CUSTOM GROUND
This means fresh A&P Coffee is ground precisely right for your coffee pot, at the very minute you buy. It makes a difference; try it!

5. THE BLEND FOR YOU!

Turned in "Souvenirs"
(By Marine Corporal Jim Hallaway of New Albany, Ind.)
SOMEWHERE IN THE PACIFIC (Delayed)—First Marine division veterans pooh-pooh any insinuations that they are souvenir collectors.

But they blushed when the order was posted to turn in—along with certain other "souvenirs"—

Underground Warfare Plan For Germany

Information is They Hope to Carry On for Long Period

By Wes Gallagher

ALSDORF, Germany, Dec. 13.—(AP)—Information from inside of Germany indicates that Adolf Hitler's close followers have prepared for five years of underground warfare against the Allies after the German army collapses.

This is the picture of Gestapo Chief Heinrich Himmler's master plan for the struggle, as pieced together from information now available from various sources.

Himmler started laying the plans for underground warfare in the last two months of 1943 and these plans now are being carried out inside Germany.

The plans are threefold, embracing (1) Open warfare directed from Hitler's mountain headquarters; (2) Sabotage and guerrilla activity conducted by partisan bands organized by districts, and (3) Propaganda warfare to be carried on by some 200,000 Nazi followers in Europe and elsewhere.

Troops Underground

Already picked S. S. (Elite) troops have been established in underground strongholds and hospitals in the Austrian, Bavarian and Italian Alpine area and it is the plan of Nazi leaders to flee to that region when the German military collapse comes. Only true and tried party members will be allowed to enter the strongholds.

The Nazi party already has concentrated food and munitions in the Alpine area sufficient to carry on for a long period.

S. S. men and party members unable to reach the Alpine strongholds would be assigned to directing partisan activities from such places as the Black Forest or out of the way villages. Himmler academies now are training both men and women in sabotage tactics which would be employed by partisan bands.

In order to hinder Allied police in running down party members during the occupation Himmler has in the past few months instituted a widespread program to establish double identities for his henchmen. Identity cards of soldiers killed at the front, or of civilians killed in air raids, have been given to S. S. men and Nazi women.

Creating Confusion
The idea is to create as much confusion as possible in Germany and give the Allies a tremendous task in unscrambling official records.

The propaganda campaign will be carried on along the same lines which the old Nazi party followed when it was illegal in Germany. Nazi followers have been instructed to join all political movements and use them as loud speakers for Nazi ideas. Funds have been cached around Germany to support this campaign.

Every effort will be made to play the Allies one against another. A head propaganda office will be established from which orders will go out to Nazi followers in other European countries and in South America. The main object will be to create a state of chaos and distrust within Europe which will keep the Allies occupied.

One of the main propaganda themes will be to build a legend around the name of Hitler and to convince the German people that some day he will come back.

What Are the Ceiling Prices

NEW YORK, Dec. 13.—(AP)—The office of price administration confronted a poser today: How can you determine ceiling prices on nude pictures collected by Thomas F. Manville, Jr.?

And what should be ceiling prices on other items — garbage cans, electric trains, ash receivers, phonograph records — that are steeped in Manville tradition?

Weighted down with a list of general maximum price regulations, two OPA agents put a federal damper yesterday on an auction sale of furnishings from the playboy's 29-room home, Bon Repos, at New Rochelle, N. Y.

The furnishings represent 822 items and it took Tommy a number of years and seven wives to collect them.

Auctioneers Henry Kirschenbaum and George Geisel pointed out that they had observed the \$70 ceiling on Tommy's vacuum cleaner.

But said the agents, what about garbage cans, \$60 a pair; an electric train, \$195; phonograph record cutter \$1,025; piano \$2,000; pair of ash receivers, \$65; nude pictures, \$10 to \$20 each?

Kirschenbaum informed 900 persons attending the sale held at the New Rochelle woman's club, that if attorneys decided there had been ceiling violations, refunds would be made.

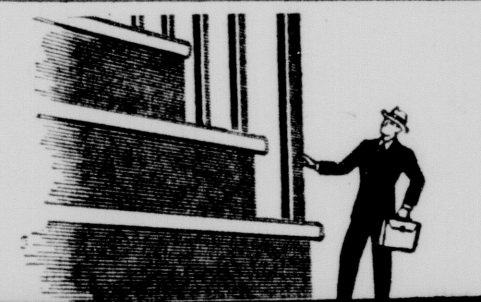

Use Child As A Shield In Robbery

TACOMA, Wash., Dec. 13.—(AP)—A bandit, who used a small child as a shield, obtained about \$5,700 in a holdup of the Puget Sound National bank Tuesday afternoon. The child, about 6 years old, was abandoned by the robber as he fled with bills handed him by Shannon Mitchell, in response to a note reading "Give me \$5,000 or I'll kill you." Police said the man had picked up the child on the street before entering the bank.

Grocers Elect For Next Year

Members of the food industry of Pettis County were the guests of the Sedalia Independent Retail Grocers association at its annual meeting and Christmas party at Flat Creek Inn Monday night.

The following officers and directors were elected for the new year. Howard Gwinn, president; Fred Deal, vice president; Leonard Anderson, treasurer; directors to serve terms of two years each, Lacey Glenn, Jerry Sullivan and Harry Kanter. The following directors still have one year terms to serve: Lee Corson, Ira Maxwell and Charles Solon.

The principal address of the evening was made by Herman Balsiger of Kansas City. Following the business portion of the meeting, a complimentary dinner was served, followed by dancing.

BOWEL CLEANING POWER OF KICKATO MEDICINE

One man recently took Kickato three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and system were thoroughly cleansed that his constant dull headaches came to an end; several pimply skin eruptions on his face dried up overnight and even the pains in his knee disappeared.

At present he is an altogether different man, feeling fine in every way. Kickato Medicine contains water soluble chemicals that cleanse bowels, clear gas from stomach, act on sluggish liver. Miserable people soon feel different. So don't go on suffering. Obtain Kickato Medicine 49 cents for a large 12-oz. bottle. Caution take as directed.
